

Intro G-A-D

TO MY FAMILY, WITH LOVE

G

Your prayers are a blessing. With these words, I now sing, to comfort the people

O'

I love. With God as our Father, and we work together, He's shining His light from

G

above. The love that you show now, and blessings I know now, are worth more than

O'

silver to me. For silver can't buy me, the treasure that I see abounding in my family.

my earnest prayer.

G

When I get discouraged, start losing courage, there's always a shoulder for me. A

O'

brother to help me, a sister to show me -- they're praying that I'll come to see. We're

G

in this together -- we can't give up, ever, no matter how stormy the sea. Together,

O'

we're stronger, enduring much longer -- our eyes on the Kingdom, will be.
